Be Passed Late Wed-  
nesdayEMERGENCY CLAUSE CAUSES  
BITTER FIGHT IN HOUSEBill Has Support of Some  
of Democratic Mem-  
bers of Lower House[ASSOCIATED PRESS TELEGRAM]  
Columbus, March 19.—With the galleries packed to overflowing, debate on the Crutcher prohibition enforcement bill opened in the house shortly after 1:30 o'clock this afternoon and a vote on the bill was expected late in the day.

The fight will come on the emergency clause of the bill. This requires 82 votes. Drys were claiming just enough to pass the emergency clause. Wet leaders declared that drys would lack from three to six votes of enough to pass the emergency clause.

It was conceded that the bill without the emergency clause would pass with more than enough votes.

Without the emergency clause the enforcement bill would not become operative until July 1, although state-wide prohibition goes into effect May 27.

If the emergency clause is not enacted, wets have announced they will call a referendum on the law.

Democrats held a caucus shortly before the vote.

BANKER'S WIFE IS  
KILLED BY BOMBMystery Surrounds Explo-  
sion in Garden of Oak-  
land Man's Estate.[ASSOCIATED PRESS TELEGRAM]  
Oakland, Cal., March 19.—The killing of Mrs. George Greenwood, wife of a banker of this city by an explosion at the Greenwood home here last night remained almost as much a mystery today as when Mr. Greenwood aroused by an explosion, looked from the upstairs window to see his wife's body lying in the garden below.

The police believed they had two slender clues, consisting of six small pieces of galvanized iron wire removed from the body by surgeons along with a bit of lead, fragments of brick, and scraps of clothing, and the fact that in January, 1918, a letter addressed to Mr. Greenwood demanded delivery of \$5,000 at a certain spot under penalty of having his home destroyed by an explosion.

The letter was signed "C. C. of C." which initials also were appended to a threatening letter received by Governor William D. Stephens before the executive mansion at Sacramento was dynamited a year ago. This led the police to believe that the same persons were responsible for both explosions.

Nothing has been developed today to show whether the explosive was hurled at Mrs. Greenwood, whether she picked it up and it exploded in her hands, or whether she caused the detonation by stumbling over it. Nor had anything developed to indicate the nature of the explosive. Mr. Greenwood declared that neither he nor his wife had any enemies and that he was at a loss to account for the explosion.

ARCHBISHOP INSTALLED  
WITH MUCH CEREMONY[ASSOCIATED PRESS TELEGRAM]  
New York, March 19.—Prominent dignitaries of the Roman Catholic church assembled here today to witness the installation of the Most Rev. Patrick Joseph Hayes as archbishop. Giovanni Bonzano of Washington, the apostolic delegate to the United States, will represent Pope Benedict XIV. and officiate at the rites. More than 1000 priests in the arch diocese, including many army and navy chaplains, will participate in the ceremony of kissing the arch episcopal ring in token of their obedience.

The conferring of the pallium will not take place until after Easter, and at the elaborate ceremony the hierarchy in the United States will be invited.

COMPROMISE MAY  
END HARBOR STRIKE[ASSOCIATED PRESS TELEGRAM]  
New York, March 19.—Under the surface of defiance that continued to mark the harbor strike today there were indications that a compromise between the strikers and the dock owners was being arranged to end the deadlock.

In the language of the union leaders, "something would break" soon which might lead to an adjustment of the differences. On the question of an eight-hour day, however, the strikers declared there could be no compromise.

Complaints made by the unions against the railroad administration and the other federal departments for alleged violation of the agreement entered into between them and the strikers apparently were adjusted at conferences held yesterday.

[ASSOCIATED PRESS TELEGRAM]  
New York, March 19.—Four men armed with revolvers, held up the employees of the First National bank in the heart of the business section of New York City today, and taking all the cash on the cashier's counter escaped in an automobile. It is reported that the men obtained about \$5,000.EIGHT GERMAN STEAMERS  
START ON FOOD VOYAGE

London, March 19.—Eight German steamers, including the Kaiserin, Augusta Victoria, Cleveland, from Hamburg this afternoon, Graf Waldersee and Pretoria, sailed from Hamburg this week for foodstuffs, according to advices from Berlin. It is said the crews of the ships made a formal declaration that they should not be removed from the vessels during the trips.

COMMANDING ONLY  
U. S. GUN FACTORY

Rear Admiral A. W. Grant.

Rear Admiral Grant, who has been in command of the battleship No. 1 of the U. S. Atlantic fleet, has been transferred to command the Washington navy yard and gun factory. This assignment is important because of the fact that the gun factory is the only one owned and operated by the government.

17-YEAR LOCUSTS WILL PASS UP  
LICKING COUNTY, BUG EXPERT SAYSHead of O. S. U. Department of Zoology and Entomology Says Licking, Knox, Perry and Counties East Will  
Escape Ravages This Year.

Licking county farmers, gardeners and fruit-growers have nothing to fear this year by the visitation of the 17-year locust, according to Raymond C. Osburn, head of the department of zoology and entomology of Ohio State university, in commenting on an Associated Press dispatch from Washington, which said that practically all of Ohio would be visited by the periodical cicada.

This dispatch indicated the general distribution of the 17-year locust, or periodical cicada, of the brood which is due to appear this summer, as covering the greater part of Ohio, Osburn said. "Now it should be carefully noted that Licking county, as well as Perry, Knox and other counties east of these, will not be visited by this pest this year. In the last visitation of this brood, in 1902, all the western part of the state

FORMER O. W. U.  
PRESIDENT DIESBishop Bashford Well  
Known Divine and Edu-  
cator Succumbs After  
Long Illness in California

Los Angeles, March 19.—Bishop James W. Bashford, for many years a prominent figure in the Methodist Episcopal church, died yesterday at a sanatorium after an illness of many months.

Bishop Bashford was born in Fayette, Wis., May 28, 1849. He represented the Methodist church on the world commission on faith and order and also was a member of the continuation committee for China. For 15 years he was president of the Ohio Wesleyan University at Delaware. Since 1904 he had spent much of his time in China.

Since 1904, when he left Wesleyan, he had given most of his time to missionary work in China and India. He returned to this country two years ago, locating in California in an effort to recuperate his own and his wife's health.

Bishop Bashford was the son of a minister. He had many degrees. His B. A. was awarded him in 1873 at the University of Wisconsin and his M. A. came from that same institution three years later. In the latter year he obtained also the degree of S. T. B. from Boston University, and in 1881 the degree of Ph. D. Ohio Wesleyan and the University of Wisconsin honored him with the degree of LL. D. He was president of the Ohio Wesleyan University at Delaware in 1912.

Entering the ministry at 23 he held pastorates in Massachusetts, Maine and New York.

The China centennial thank offering of 1907-8 was organized by him. It resulted in a contribution of \$500,000 toward missionary work in China. He assisted in organizing relief work in the China famine in 1917, made a missionary tour in India and was a delegate to the world's missionary conference of Edinburgh in 1910.

He was the author of several works on religion. His last book, "Oregon Missions," was written in 1918.

DISRUPTION OF GERMANYObjects to Retention of  
German War Prisoners  
By Allies

Basel, Switzerland, March 19.—Premier Hoffmann outlined the program of the new Bavarian government at the sitting of the diet Tuesday in Munich. Representative of all parties in the diet, approved of the government's plans and the government was given extensive powers for the direction of state affairs.

A bill abolishing the nobility of Bavaria was adopted, as also was a measure prohibiting the rights of inheritance.

Johann Speck, speaking as the representative of all parties in the diet, protested against the separation of German territories from the former empire, against the retention of German prisoners of war by the allies, and against attempts to prevent the union of German-Austria and Germany.

Before the sitting adjourned, Premier Hoffmann announced his cabinet as follows:

Minister of Justice—Dr. Max Enders.  
Minister of the Interior—Martin Segitz.  
Minister of Finance—Dr. Wierke.  
Minister of Communications—Heinrich Frauenthor.  
Minister of Social Affairs—Herr Unterleitner.  
Minister of Agriculture—Herr Steiner.  
Minister of Military Affairs—Herr Schneitenthurst.

Herr Frauenthor and Unterleitner were members of the cabinet of the late Premier Eisner. Herr Segitz has been minister of the interior, succeeding Herr Auer, who was shot during the firing in the Bavarian diet after the assassination of Eisner.

American Troops Took

Vladivostok, Monday, March 17.—Never since the landing here of troops in August has there been such widespread criticism of the United States. The newspapers are full of tirades and ingenious distortions of facts calculated to show discord among Americans, Russians and America's allies.

It is an unquestioned fact that there is a systematic campaign. Some newspapers of Siberia, it appears, have been subsidized and are distinctly hostile to the United States.

The Russians, never over-confident regarding the intentions of the Americans have been ready listeners and the legitimate Russian press reprints and editorializes on the fabrications that have been put in circulation. Beginning with the disappointment over the passiveness of the American intervention here today, developed mistrust, and an outspoken hostility, in many quarters to the Princess Islands proposal for a conference of all Russian factions with the allies justly or otherwise credited to President Wilson.

Americans instantly dubbed friends of the Bolsheviks and the idea was quickly utilized by an unfriendly press and accepted in the political circles of the Russians generally. There is no effective means of combating this propaganda and the result is that the United States has few champions in any class or party.

THOUSAND SOLDIERS  
REACH CAMP SHERMAN[ASSOCIATED PRESS TELEGRAM]  
Camp Sherman, Chillicothe, March 19.—Nearly a thousand soldiers, all from overseas organizations, arrived here today, swelling the total population of the camp to the neighborhood of 11,000. One hundred and forty-six soldiers reported at the base hospital from Hoboken. Three hundred and fifty-six men arrived from Garder City, 45 from Camp Merritt, and 42 from Newport News. This contingent from Camp Merritt includes casual company 271, and 173 soldiers from the 348th infantry.

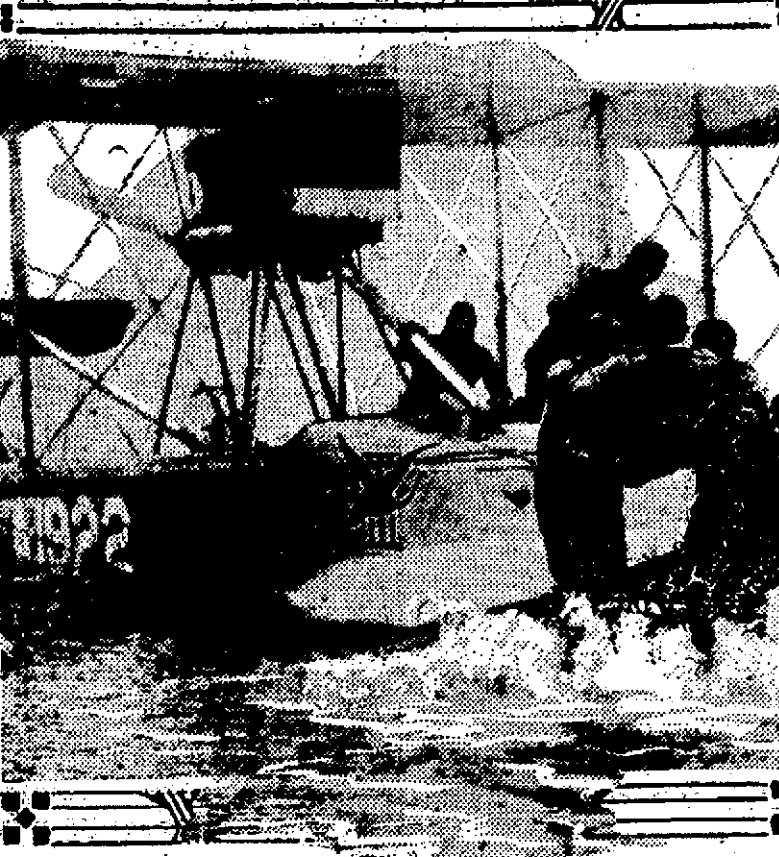

A large number of soldiers will be discharged Saturday, according to transportation officials. It is thought more than 1,000 soldiers of various overseas and local organizations will be discharged on that day.

A few more than 800 men were discharged on the number 27 from Camp Sherman Saturday, according to transportation officials. It is thought more than 1,000 soldiers of various overseas and local organizations will be discharged on that day.

The original plan in the ordinance re-issued Monday night was extinguished by the Camp Sherman fire department with a loss estimated at \$700.

## HYDROPLANE IS FIRST AIR AMBULANCE

Placing wounded soldier in hydroplane ambulance.

A hydroplane ambulance, the first to be used, recently transported a wounded soldier from the naval air station at Rockaway, L. I., to St. Luke's hospital in New York city in the remarkable time of forty-nine minutes. The wounded man was accompanied by a woman who acted as nurse. The landing was made in the Hudson river and the patient transferred to the hospital by a naval tender and motor ambulance which met the boat at the landing.

PREDICTS SIGNING OF TREATY OF  
PEACE WITHIN NEXT TWO WEEKSBritish Envoy Declares Monroe Doctrine Is Strengthened  
By League of Nations and Treaty Will Not Be Delayed  
By League Covenant, He Says.[ASSOCIATED PRESS TELEGRAM]  
Paris, Tuesday, March 18.—Inclusion of the League of Nations covenant in the preliminary peace treaty will not delay the signing of the treaty, which it is hoped, will be accomplished within two weeks, said Lord Robert Cecil of Great Britain, talking to British and American newspaper correspondents tonight. He said that three amendments to the covenant had been submitted but added he was "sure there will be no difficulty in meeting all legitimate objections."

Discussing the Monroe doctrine and the effect of the League of Nations upon it, Lord Robert said: "The Monroe doctrine is strengthened by the League of Nations covenant. The preliminary action will be carried out by the organs of the league. The United States will be represented on each body and since these bodies are international, no action can be taken without the consent of all. No action can be taken by the League which is opposed by the United States government unless such action should be against the United States itself and that would not affect the Monroe doctrine."

"If, on the other hand, the view is that there ought to be a complete and water tight division between the American continent and the world, no doubt any action in which America takes part would be an infringement of the Monroe doctrine. Every part I should regard any such doctrine as disastrous to the future of the world. The war left the United States in a position of enormous power. With that gigantic power goes great responsibility to the world at large and to herself."

"The peace of the world is not only a European but an American interest. America cannot afford to say that she has no interest in what goes on in Europe. If she did she would be false to the world at large and to herself."

BRIBERY PROBE  
TO BE THOROUGHLegislative Committee Declines to Grant Immunity  
To Any Witnesses Called  
To Testify.[ASSOCIATED PRESS TELEGRAM]  
Columbus, March 19.—Immunity from criminal prosecution will be given to no one as the price for evidence tending to establish guilt of others by the joint legislative committee which will begin tomorrow its investigation of alleged bribery and misconduct unless all other avenues of obtaining evidence fail and the one asking immunity is able to fasten guilt on "higher-ups."

This is said to be the attitude of the entire committee as expressed by Republican leaders. Senator Whittemore of Akron, who is chairman of the committee and Representative Beaman of Harrison county, a member of the committee. They declared the investigation will be thorough and that if evidence is obtained it will be used.

MEXICAN SENATE  
FAVORS LEAGUEResolutions Offered Praise  
Wilson and Ask For Place  
For Mexico in League.[ASSOCIATED PRESS TELEGRAM]  
Mexico City, March 19.—There were made public today resolutions introduced in the Mexican senate, but not yet acted upon, in connection with the League of Nations project. One of these resolutions expresses "sympathy and admiration" for President Wilson, and the other declares the Mexican senate "wishes that the noble democratic proposals of President Wilson, which it admires and applauds, be realized, and manifests its desire that it has the opportunity the Mexican republic form a part of the proposed League of Nations."

Thus far these resolutions have been the only expression available in any way indicating Mexico's stand relative to the proposed league. No official statements have been forthcoming.

WILL ASK INDICTMENT  
OF MISSING PHYSICIAN[ASSOCIATED PRESS TELEGRAM]  
Long Beach, N. Y., March 19.—While police and private detectives were continuing their search for Dr. Walter Williams, who disappeared last Sunday, 26 hours before a warrant was issued, charging him with the murder of his wife here on February 27, District Attorney Charles R. Weeks of Nassau county was prepared to go before the grand jury today with evidence on which he would ask for an indictment.

A number of witnesses have been summoned to appear before the grand jury, including Coronator Neu, who took Dr. Williams' statement on the night of the murder, in which the missing physician declared his wife had been slain by burglars.

Paris, March 19.—The commission on international labor legislation held probably its last meeting today when it reached an agreement on all points at issue. The American contention that each country should settle its internal labor problems without invoking the power of the League of Nations, prevailed.[ASSOCIATED PRESS TELEGRAM]  
Paris, Tuesday, March 18.—The military terms of the treaty of peace have been amended by the elimination of the clause providing for the control of German armaments for an indefinite period. Admiral W. S. Benson, of the United States navy, pointed out that the original terms committed the United States to a virtually indefinite occupation of Germany, and it was chiefly on his insistence that the terms were modified. America also pointed out that control of any portion of Germany for such a period would delay the return home of American troops and would amount to annulling the sovereignty of Germany.

As amended, the terms provide for control through the time fixed for the delivery of materials of war, guns and ships but not through the period during which war damages will be paid by Germany.

In a report submitted to the commission appointed to consider plans for an international air code announced that the British proposals had been, in (Continued on Page 2, Col. 5)

State's Chief Executive.[ASSOCIATED PRESS TELEGRAM]  
Columbus, March 19.—Governor Cox announced today that he would leave Columbus Friday for New York to extend an official welcome on behalf of the state to the first large returning units of the 37th (Ohio National Guard) division. The governor will make arrangements for a boat to meet the transports which are carrying home the first large returning contingents.WILL DISMANTLE FORTS  
ABOUT CITY OF PARIS[ASSOCIATED PRESS TELEGRAM]  
Paris, March 18.—(Havas)—The chamber of deputies today authorized the removal of special fortifications about Paris which were erected shortly after the war began.

There are three rings of permanent fortifications about the city of Paris. The first, a solid wall of masonry, 23 miles in circumference, surrounds the city. The second, a system of 17 detached forts arranged at intervals of two miles beyond the wall and making a circuit of the city, 34 miles in extent, and third, an outer ring of 15 miles in radius, on the heights commanding the valley on the Seine. In August, 1914, special fortifications were erected, buildings demolished and trees, which obstructed a clear view of the terrain about the city, were cut down. It is probable that it is this system of fortifications which is to be dismantled.

AIRPLANE SQUADRON  
HOVERS OVER KAISER[ASSOCIATED PRESS TELEGRAM]  
Amersfoort, Tuesday, March 18.—Considerable excitement was created at Amersfoort, Holland, when the Emperor William is staying when six airplanes appeared suddenly at dusk from behind a bank of clouds. They came from the east and after encircling the castle twice disappeared in a northerly direction.

The nationality of the machines could not be distinguished owing to the overcast weather but it is generally assumed they were Dutch.

THE DODGER

BROTHER MERCHANT:

Suppose you are going to hire a clerk to sell things for you. Two men come for the job. You try both of them out. At the end of two weeks you find one has sold exactly twice as much as the other—which clerk would you employ?

The clerk who made double sales—wouldn't you? Not because you liked his pink whiskers—or his blue eyes—or his curly hair—but because he DELIVERED THE GOODS.

You get out printed Dodgers now and then—don't you? A Dodger is a sort of broadside. Printed as a rule on one side only. Kept on your counters. Poked under doors. Put wherever people can see them.

It's one of the cheapest—and BEST—forms of advertising.

You can have that Dodger printed so NO one will read it. Or you can have it printed so EVERY ONE will read it. It is not a matter of cost. It IS a matter of "Know-How" on the part of the printer.

Out of all the advertising that comes to you only a few you may read. Did you ever stop to think WHY YOU read them? Something in the color of the paper—something in the shape—something in the way it was printed FIRST caught your attention.

The printer who caught your attention KNEW HOW to do it.

We have a life-time of experience back of us in printing dope that will ACTUALLY catch the eye.

That next DODGER—let us print it for you.

50% INCREASED Efficiency. NO increased cost.

What more can you ask?

PROF. JOHNSON TO STUDY IN ITALY

Head of Denison Latin and Literary Department Will Spend Summer Abroad.

(Special to the Advocate.) Granville, May 19.—Prof. W. H. Johnson, head of the Latin and literature department in Denison University, expects to leave about April 1 for a trip to Italy. Passport and transportation have been secured and the professor will go direct to his destination, with only a brief sojourn in France. He expects to engage in literary work and will write for several big daily newspapers while in Europe. His ability along that line is too well recognized to need special tribute from his friends who will await with anticipation the first of his five months' literary offerings.

Mrs. Millard Brelsford was honor guest at a charmingly appointed dinner given by Mrs. Carrie Altrogge, Tuesday evening at her home in East Elm street. Covers were laid for Mrs. Brelsford, her mother, Mrs. Cahatt, Dr. and Mrs. Tanner, Miss Fannie J. Farner and the hostess.

Prof. and Mrs. Theodore Johnson are giving a farewell dinner this evening to their cousin, Prof. W. H. Johnson, soon to sail for Italy. Mrs. Johnson, President and Mrs. C. W. Chamberlain, Mayor and Mrs. C. D. Coons, Dr. and Mrs. W. C. Ebaugh.

Prof. and Mrs. Forbes Wiley delightfully entertained a few friends, Tuesday evening at their home in South Prospect street, honoring their brothers, Lieutenant Harold Scott, recently released from service in the French army, and Lieutenant Carey, who is at San Domingo with U. S. troops to protect United States interests. Those present were Prof. W. H. Johnson and son, Alfred; Dr. and Mrs. C. J. Rose, Prof. and Mrs. T. S. Johnson.

Mrs. Mary Harris Armor of Crawfordville, Ga., who has come to Columbus this week for the mid-year executive meeting of the Ohio Women's Christian Temperance Union, will speak in Granville Sunday morning in the Methodist church. Mrs. Armor, who is national lecturer for the W. C. T. U., and well known for her oratorical ability, is headed at the time by the "cyclone." The local chapter of the W. C. T. U. requests that all the members meet early in the lecture room of the church Sunday and enter in a body for the 10:30 morning service.

Mrs. Robert Williamson, who expects to leave soon for her new home in Indiana, was the honor guest of a luncheon at an informal party given by Mrs. H. G. Scheidt. The hostess was assisted in serving dainty refreshments by her daughter, Miss Garnet, and Miss Margaret Wood of Shepherdson college.

E. F. Hobart has returned from a visit at the home of his son, Charles Hobart, at Sellersville, Pa., near Philadelphia. Alfred Johnson, younger son of Prof. and Mrs. W. H. Johnson, who is in military service at Camp Zachary Taylor at Louisville, Ky., arrived at the home of his parents for a short furlough this week.

Mrs. E. M. Jones returned to Monomoy Place Tuesday from the Newark City Hospital where she underwent a successful operation for appendicitis. Mrs. B. O. Chesshire left today for Dexter City, where she will visit at the home of her son and daughter, Mr. and Mrs. Ogilvie.

Rev. Emanuel Breeze, the new pastor of the Presbyterian church, and his family, will be given a reception by the congregation this evening in the parlors of the church.

The annual Cicero-Grant contest will be held tonight in Recital hall, when the usual big time will be enjoyed by friends of Doane Academy.

Mrs. J. W. Crawford who has been suffering for the past several weeks and has been seriously ill with rheumatism is reported as improving slightly.

LIFE INS. CO. IS SUED ON POLICY

Beneficiary Asks Court to Order Payment of \$1000 On Drafted Man, Flu Victim.

A suit growing out of the refusal of a life insurance company to pay a policy to the beneficiary of a soldier who died in the service was shown in the suit filed today in common pleas court by Emma Louise Frush vs. the Ohio State Life Insurance company. The petition alleges that the sum of \$200 annually was to be paid the defendant for a life insurance policy of \$1,000, in case of the death of Walter Guy Frush. That on July 20, 1918 Walter Guy Frush was drafted into the service of the U. S. and that on October 9, 1918 he died at Camp Sherman, Ohio.

The company refused to pay the money excepting amount of premium to the beneficiary quoting a paragraph in the policy which stated the policy was null and void if the "insured engaged in military or naval service in time of war (multia excepted when not in active service)."

The petition continues that all conditions of the policy were fulfilled and asks for the payment.

CHARGE COUNTESS SENT THREAT TO PRESIDENT

Chicago, March 19.—Aurelia Bethlen, claiming to be a Hungarian countess, is held by federal authorities today, pending a hearing on a charge of sending a threatening letter to President Wilson. The countess, who claims she was a lady in waiting to Empress Elizabeth of Austria, was arrested last night by government operatives on a warrant sworn out by Captain Thomas L. Porter, chief of the secret service here. According to Captain Porter, the countess berated the president in a five-page letter, which had been intercepted and also had acknowledged spreading German propaganda, both during the war and since. The countess said she had been gathering sociological data for a series of lectures on capital and labor and the work of the peace conference. She came to this country in 1908. Her husband died in Budapest, she said.

WHY "EXIDE" BATTERIES COST MORE TO BUY AND LESS TO USE

The "EXIDE" Battery is the original unit cell battery. Each cell is separately sealed—bulk compound is eliminated. This gives greater plate area—hence more power—for a given unit of weight and size. It also permits the removal of any one cell, assuring quick and economical repairs when necessary.

"EXIDE" plates represent the last word in starting battery plate construction. The finely cast grids, their compactness, and the uniform pasting of chemically correct material give to them strength, stability and durability that is unique in battery plate building.

"EXIDE" separators are readily distinguished by their toughness and body. They are made of a selected quality of hard and durable wood subjected to a specially developed "treating" process which eliminates elements injurious to the battery, and insures unequalled service life.

"EXIDE" jars are made of a tough semiflexible rubber compound which has been tested to conform with the high standard of "EXIDE" quality. Their durability and freedom from breakage are service proven.

The patented "EXIDE" cell cover prevents impurities from entering the cell and leaves no room for the collection of moisture. The nonflooding filling plug, an ingenious device, automatically eliminates corrosion of metal parts and rotting of the case.

The "EXIDE" Battery is the product of The Electric Storage Battery Co., the oldest and largest manufacturer of storage batteries in the country. Built into it is thirty years of specialized battery building experience—experience which assures to the user the maximum of value for every dollar entering into its purchase.

The "EXIDE" Battery case is made of well-seasoned, hard and durable wood. Corners are locked—no nails or bolts are used. The expansion joint in the bottom prevents warping. Case is protected with several coats of acid-proof paint.

The "EXIDE" intercell connectors are especially heavy, their ample cross-section insuring a liberal carrying capacity at high discharge rates required in starting battery service. The intercell connectors, fit snugly on and are welded to the cell terminal posts, insuring a perfect mechanical and electrical connection.

BACKED BY "EXIDE" SERVICE

Thus making an incomparable battery in price or durability. We have new batteries in stock. There is an EXIDE Battery for every make of automobile. Recharging and repairing of all makes of batteries.

MEXICO WILL DELAY ROYALTY COLLECTION

Mexico City, Mex., Tuesday, March 19.—The Mexican government has no intention of forcing the immediate collection of royalties on oil produced in this country during January and February under the decree of President Carranza, issued on February 18, according to a statement authorized tonight by the branch of the treasury department in charge of petroleum revenues. The announcement was made after dispatches sent from Washington on March 11 to the effect that the decree reopened the whole question of the rights of foreign companies, was called to the attention of the department. It was said the action of President Carranza was taken merely as "matter of form to keep the records straight, since petroleum affairs have been in a state of suspense since the decree relative to the oil business were issued last August."

SERGEANT J. F. SOITON OF MESS HALL ENDORSES

Veteran Tells Druggist What Wonders Health.

Here is another of those eloquent New-Worth statements from a grateful veteran at the Sandusky home. It merits close attention. Said Mr. Soiton to Sandusky's New-Worth druggist: "I have taken one bottle of your medicine, New-Worth, and find I have derived great benefits from it. I can now sleep and eat and feel like a new man and I highly recommend it to all nervous and run-down sufferers. Yours respectfully, "J. F. SOITON, "Sergeant of Mess Hall."

New-Worth calms the nerves, whets the appetite, adds flesh, aids digestion, restores restful sleep, banishes sick and nervous headaches and other aches and pains, builds up run-down systems. If it fails to do this for you your dollar back at the T. J. Evans drug store, Newark.

Although the carrier pigeon is a war bird it shouldn't peck at the dove of peace.

(Continued From Page 1) fore the opening of the session and prepared to fight the emergency clause. It was said that prominent Anti-saloon League leaders would be attacked by speakers on the floor of the house. Not all the Democrats will oppose the emergency clause, however. Representative Foster of Cook county, Blaine of Fairfield, and Stump of Pickaway county were expected to speak for the bill.

Representative Crabbe author of the bill, opened the debate in favor of the passage of the bill, after offering a number of amendments. He said the amendments removed all objections of legitimate interests. Representatives Bryson of Green, Clark of Warren, Graham of Muskingum, Gordon of Logan, Wenner of Ashland, Hughes of Lorain, Freeman of Hardin were to follow Crabbe in support of the bill.

Dry plan to test their strength by voting on the amended bill first instead of voting on the emergency clause first as is usually done. The vote of ratification was 55 to 29 in favor of ratification. Representative Crabbe said, the amendment removed all objections of legitimate interests. Representatives Bryson of Green, Clark of Warren, Graham of Muskingum, Gordon of Logan, Wenner of Ashland, Hughes of Lorain, Freeman of Hardin were to follow Crabbe in support of the bill.

Immediately following the passage of the prohibition enforcement measure which prohibits the manufacture and sale of alcoholic liquors for beverage purposes and defines who shall handle alcohol and wine for sacramental, manufacturing, scientific and other purposes, Representative Crabbe said, the bill which provides for appointment of a prohibition commissioner and establishing machinery necessary to enforce prohibition, would be called up. Crabbe also planned to offer several amendments to the bill including one to reduce the proposed salaries and number of law enforcing officers.

#### AUDITORIUM.

**"The Bird of Paradise" Tonight.**  
The Bird of Paradise will play its first engagement in Newark at the Auditorium this evening. This is the sixth year of this delightful Hawaiian play, by Richard Walton Tully, and Oliver Morosco, its producer, has assembled a notable cast.

Mr. Tully has shown both the tragic and the pathetic side of little Luana, the Hawaiian princess, who learns when too late that although she may claim to be able to hold her white husband's love through her personal

charm, yet when he is ready to leave her, they have no meaning at all. She learns the old story that once a man tires of a woman, he can easily forget, but not so with the one whom he loves. Mr. Tully also shows in this play how low a man may have fallen, the influence of a pure woman can bring out all that is best in him.

The cast this season will be headed by Florence Rockwell with George R. Leffingwell, Sybil, Kingston, John Walker, Louise Winslow, Albert Andrews, and a score of others, including the famous Hawaiian quartette whose songs have become one of the most welcome features of this pretty Hawaiian romance. The scenic equipment of "The Bird of Paradise" is one of the most essential features and every scene is as near a picture of the

Islands as the scenic artist can make them. Mr. Morosco states that there is a large sale of seats but many choice reservations still remain.

**"Shadows of Suspicion."**  
"Shadows of Suspicion," with the late Harold Lockwood as the star, comes to the Auditorium on Friday and Saturday of this week. This detective screen classic is the last picture made by this star and tells the story of a young English sportsman, Cyril Hamersley, who arouses the suspicion of his friend, Doris Mathers, because he

is shown in the tower of London as a German spy. But Hamersley is turning a clever scheme and is instrumental in rounding up a band of German spies. It's a most interesting story and is bound to please all of Lockwood's admirers.

#### GEM.

**"The Great Love."**  
Lillian Gish, who portrays the role of Susie in David Mark Griffith's first Artcraft picture, "The Great Love," which will be shown at the Gem theatre Thursday, makes her initial appearance under Artcraft auspices in this photoplay. Miss Gish has been a star in motion picture work for several years and her winsome personality and talent have won for her a large and enthusiastic screen following. Her most recent appearance was in Mr. Griffith's great war picture, "Hearts of the World," which is now being played with enormous success in New York City.

Miss Gish appears in "The Great Love" as a young Australian girl, who lives in England and loves an American soldier, and who eventually finds "the great love" in the service of her country, and the cause of the world democracy. Her characterization is said to be unusually effective and with the portrayal of Robert Harron, as her sweetheart, and Henry B. Walthall, as an unscrupulous British baronet, who seeks to win her for her money, forms an artistic combination seldom seen in motion pictures.

#### ALHAMBRA.

**"Hell Roarin' Reform."**  
In "Hell Roarin' Reform," Tom Mix, the famous cowboy star, mixes gun play and religion with a vim that is wonderful to behold. The popular star has been in this, his latest feature, at the Alhambra theatre today and will continue over Thursday.

Western plays, once the most allur-

ing form of screen drama, have returned to their former popularity after a brief hiatus suffered through war plays, etc., and this may truly be said to be one of the best that ever has been seen here. Mix, who in real life is a cowboy and a fighter, has been just what he portrays on the screen, a cowboy and a fighter of the most potent decade of last year's stories could wish to see.

Houdini in "The Master Mystery" is also seen.

**"Peck's Bad Girl."**  
Mabel Normand is called upon to do a lot of underground work in "Peck's Bad Girl," her newest Goldwyn Picture, by Tex Charvate, which comes to the Alhambra theatre Friday and Saturday.

For many of the picture's thrilling scenes are laid in a cellar. But that Normand from doing the best work of a long and brilliant career.

"Peck's Bad Girl," while bubbling with situations to which only Miss Normand's style of comedy could do full justice, is not without its tense moments, and they confront the Goldwyn star underneath the shop, where, as Mabel Penelope, Peck, she is employed as milliner's assistant. In the early scenes of the play all Nautank is attire by Mabel Peck's pranks. When she wasn't breaking store windows and running off with the delicacies she ex-

tracted from them she was causing fun for men to hop ungracefully on the side walks or falling women's sunbonnets with crackers or anything else she could lay her hands on.

**LYRIC.**  
The Lyric today will have a new bill, taken from the three act production of "Three Twins," a fast and furious comedy. The cast will include Edward Moran, who will play the leading comedy character, that of General Phidrup. Mr. Moran is new to Newark but has been in the employ of Griffith before and Mr. Gordon knows what Eddie will do.

Thursday night a bride will be given away on the stage of the Lyric theatre. Garter Night tonight.

**GRAND.**  
Tonight, Last Time.  
"The Common Cause," the first big after-war screen production to go exhibited after the signing of the armistice that made the world safe for democracy. Herbert Rawlinson and Sylvia Breamer, two extremely popular young stars, are featured at the

head of the greatest array of stars ever brought together for the screen. The drama has a prologue and epilogue in which appear five famous stars of the stage—Eddie Shagnon, Julia Arthur, Irene Castle, Marguerite Mammbo and Violet Heming, representing, respectively, Belgium, Italy, France, Columbia and Briannia—one of the best made photoplays ever seen in this city. We want our nations to know they can see the best at the Grand.

**Thursday and Friday.**  
"The Eleventh Commandment."

Besides the Ten Commandments of the Decalogue, there is another, unwritten—eleventh—which every woman knows, Thou Shalt Marry None but the Man Thou Lovest—to disobey which is often to open wide the door to infidelity and even tragedy. See Lucille C. Stewart in the sensational Ralph Ince Production—a tense social drama of today.

**THE AUTHOR OF "THE BIRD OF PARADISE."**  
Richard Walton Tully, author of "The Bird of Paradise" which will be the attraction at the Auditorium theatre tonight, was thinking only of playing tonight when he took his degree at the University of California, and he came East immediately. For a year he worked in New York without the slightest encouragement. Then he sold a society play to Nat Goodwin and another play to George G. Tyler, managing director for the Liebler company. Neither was ever produced. For three years,

more Mr. Tully worked on, finally meaning what later became "The Rose of the Rancho." New York managers did not want it and Mr. Tully went back to Los Angeles, where it was produced at the Burbank theatre, the first original play put on by Oliver Morosco.

Encouraged, materially and otherwise, by a four week run in Los Angeles, Mr. Tully went back to New York.

## WAR SPIRIT IN COMMUNITY WORK.

While the war is on you kept hearing people say, "I feel ashamed that I am doing so little to help. I wish I could do more. Is there anything I can do?" And all these millions of people who thus wanted to help, generally found something they could do. It might or might not have been something big, but at least it helped create the mighty aggregate of force.

Now if this sentiment of wishing to do one's share, of desiring to help public causes in all possible ways, can only continue as a permanent force, things will happen that were never dreamed of before as possible. There is a greater future possible for every individual and very community. Here in Newark there are plenty of ends that could be realized, that have heretofore been considered impossible.

The ends of community progress do not seem as sensational and thrilling as winning a war. But in the long run they are just as necessary. Here are a few of these ideals which every American town should have directly in view as things to work for:

- 1—Better education, and longer periods of schooling for all children.
  - 2—Education that shall help children without aptitude for books, to do more efficient work with their hands, largely in the mechanical employments and agriculture.
  - 3—Neat, clean towns, with all disorder and eyesores removed. There's a great opportunity along this line in Newark.
  - 4—Beautiful towns, with abundance of shade and shrubbery and flowers and open public spaces.
  - 5—Better road systems in the surrounding country to cut down the cost of transportation of commodities.
- These five ideals are merely suggested as a starter. There are many others. All of these and others are possible everywhere, if people only carry the war spirit into community work.

When Republican leaders in the senate employed filibustering tactics to force the President to call an extra session, and failed, they heaped coals of fire on their own heads for their is the responsibility for the failure of the big measure to pass. Their attempt to "pass the buck" to the President has signally failed and they thereby dug the first part of the grave. The reactionary leaders, now in control of both branches of the new congress, will complete the job.

Pale, weak, nervous people, or those suffering from weakness incident to war excitement or the dreadful epidemics, need the prompt, pronounced, permanent effects of iron, manganese, nux and pepsin as combined in Pepton. The run-down and debilitated find they pick up quickly when they take Pepton. Get it today and begin taking it at once.

## AMBITIOUS SOLDIERS.

The federal director of employment in New York state reports that the soldiers returning from France are "very particular" about the kind of jobs they will accept. He says that while he had found work for 56 per cent of the civilians who wanted it, only 38 per cent of the discharged fighting men had secured and accepted employment.

It is natural enough that these men should come back with bigger ideas. They have seen more of the world. They are not going to be well satisfied to settle down into jobs of narrow routine without prospects for the future. Probably many of these men have some money, and wish to take a little time to look around for the most favorable opportunity. There is no occasion for alarm in this, and no reason for blaming these men with being too fussy.

But it is safe to say that not many of these men will long remain dependent on relatives while they hunt for just exactly the job they want.

The ambitious man with common sense, after a reasonable period of search, will settle down at the best thing in sight. But he will have his eyes open for something better or more adapted to his abilities. He won't spend any large part of his spare time in sporting life.

Working hours are usually shorter now than they used to be. That gives an ambitious man the chance to fit himself for some bigger kind of a job. Hundreds of thousands of young men take correspondence courses now to help them graduate into something better. Evening schools in many cities offer chances. The country boy can get special farm courses at his state schools.

Many soldiers who are cheerfully taking unremunerative kinds of work as a stopgap, are going to be heard from in a few years, when they have had their chance to turn themselves. They have learned the value of discipline and initiative, and they are going to make these qualities count.

## PEACE PROSPECT BRIGHT

(By Henry Clews.)

Peace prospects are most cheering. Within a month the greatest peace pact the world has ever witnessed may be an accomplished fact. Germany will be an accomplished impotent for harm for a generation at least, and compeller to pay severely for the wrongs she has perpetrated upon her neighbors and the whole civilized world. She will be shorn of Alsace and Lorraine as well as of her ambitious commercial and colonial schemes. Her foreign commerce and her merchant marine are gone. Her army may be reduced to 100,000 men, and her navy to a fraction of its former size. If possible conscription will be abolished, and her power for harm, even that for self-protection, will be destroyed for many years to come. The allies will certainly present a huge bill of damages which if strictly enforced would mean absolute ruin. Of course, the greater proportion will be enforced, but the allies are quite intelligent enough to realize that the burden must be imposed in a way and to a degree that will not destroy Germany but enable her to earn and pay just retribution. Germany has ample resources to pay if given time. She possesses mineral wealth of enormous proportions; her coal and potash mines having a potential value estimated at over \$300,000,000. Large amounts of indemnity could also be obtained by taxation upon railroads, factories, trade, etc. There will be no difficulty in forcing a suitable indemnity; but that cannot be obtained by destroying or boycotting Germany. The true way will be to allow her people to go back to work and to take such portion of her profits by taxation as will enforce the penalty without ruin. But it will be many years before Germany can hope to recover anything approaching its former commercial position among the nations of the world. Ludendorff may have been unduly sanguine when he declared that it would take a hundred years to place Germany in the position which it held in 1914, but he showed a fair appreciation of the terrific ruin which she has brought upon herself through unscrupulous ambition and aggression. Before the war Germany was the second, and in some respects the first, commercial nation in the world with prospects of unlimited progress, all of which have been wantonly destroyed by the blunders of a ruthless and misguided autocracy. All talk of severe German competition for recovery of the world's markets is moonshine. That is a bogey of which we need have little fear, thanks to the wise and punitive provisions of the coming treaty of peace. It is quite evident that the huge penalties which she invited will handicap her foreign commerce for years to come, giving to her chief foes, America and Britain, a lead and prestige which she can never again expect to match. The lesson is one that every nation should seriously take to heart; for the fall of the Babylonian, Roman, Venetian and German empires were all tragedies of the same class, having their origin in an unbridled lust for commerce and power.

## THE HOUSE LEADERSHIP.

(Cleveland Plain Dealer.)

Against Champ Clark is in the house against the Democratic fight in the house against the Republican fight against James K. Mann. One is a reactionary Democrat and the other a reactionary Republican. The triumph of Mann as a compromise between the final caucus does the unexpected and unsettles all agreements. The movement against Clark gains impetus from day to day. Mann's childish attack on Nicholas Longworth indicates the deep-seated strength in the house, as well as the Illinois member's complete confidence in his own ability to bowl over all opposition. Quite in contrast is the Ohio man's declaration that in his judgment the day of high tariff idolatry has passed and that while the new congress may be expected to take up the question of customs legislation, no attempt will be made to re-enact such a measure as the discredited Payne Aldrich act.

When the Republicans in the house decided to put the management of their party affairs into the hands of Mann and his standard associates they surrendered to their foes an advantage for the next campaign which it would be folly for them to ignore. As one of the Republican progressives declared, they made more difficult the task which lies

## AMERICA'S IMMORTALS

GRANNIS I. SYVERSON,  
Private, Company C, Sixth  
Machine Gun Battalion,  
U. S. M. C.

Private Syverson was awarded the Distinguished Service Cross for extraordinary heroism in action near St. Etienne, France, October 3, 1913. When our advance infantry was forced to withdraw, Private Syverson's machine gun crew refused to withdraw, but calmly set up their machine gun. The gun was upset by a bursting hand grenade, which also injured two members of the squad. Despite these injuries they immediately reset the gun and opened fire on the advancing Germans when twenty feet distant, causing the Germans to break and retreat in disorder. Private Syverson's home address is 1203 Sullivan street, Seattle, Wash.

before the party—the task of persuading the country to re-entrust complete control of the government to those who were turned out of control in popular disgust nine years ago.

So the triumph of Mann opens an opportunity to the new minority which leaders like Lever and other progressive-minded Democrats are quick to sense. They insist that the retiring speaker shall not be chosen floor leader because he has already been judged and the verdict rendered against him. Nothing can be clearer than that the elections last fall constituted a repudiation of such Democratic leadership as afforded by Clark, Kitchin and Dent. To elect a kind of a "fire-eater" would be a frying-pan-to-fire leap that might be amusing but would certainly be profitable.

Political ideals have changed since the days when Cannonism was accepted without more than cursory objection. The people demand something better of their representatives in this new day that they keep the party elephant on the party donkey well fed. They demand enlightened leadership, a leadership in harmony with progressive thought and with the ideals for which the soldiers of democracy have been fighting in Europe.

This means that such Republicans as Mann and Mondell and such Democrats as Clark and Kitchin must be shelved—no exceptions.

Let them resign.

(New York World.)  
Senator Borah, Senator Reed, Senator Hiram Johnson and their associates in opposing the league of nations, who are now clamoring for a referendum, can easily gratify their desires.

It is not necessary for them to exhaust congress, which has no constitutional authority in the case and cannot act. The power is in their own hands. Let them resign from the senate and appeal at once to the people of their respective states for a vote of confidence at a special election.

There are enough of these senators to provide practically a nation wide referendum—Hale of Maine, Moses of New Hampshire, Brandegee of Connecticut, Coker of New York, Freligh of New Jersey, Penrose of Pennsylvania, Harding of Ohio, New of Indiana, Sherman of Illinois, Reed of Missouri, Thomas of Colorado, Johnson of California, Doherty of Idaho, and Bainbridge of Washington. These senators are so distributed that a vote in the primaries and at the polls in their respective states on the issue of the league of nations would be an accurate index to the mind and purpose of the American people.

Men have died for the Declaration of Independence, and for the Constitution of the United States, and for the Monroe doctrine, which these gentlemen say are to be nullified by the league of nations. Surely none of them is afraid to pledge a party senatorship to test the sentiment of the American people on this great issue.

Keep your mouth shut and you won't have to eat crow.

**Did You Know**  
That flax was extensively cultivated at a very early period in the world's history? Especially in ancient Egypt it occupied a most important place, flax having been woven by all classes and having been the only material the priestly order was permitted to wear. It was also used for wrappings for embalmed bodies. Flax is an annual which grows to a height of from two to four feet. The seeds are brown and flat, with a smooth, shining mucilaginous coat, and are the source of linseed oil.

## FACIAL FELICITIES.

(Ohio State Journal)  
A maiden fair stopped as she came out of a store, seemed to forget something and then, suddenly grasping her reticule, took out therefrom a powder bag and proceeded to rub her lovely nose with it. That nose didn't need a thing. She opened it. She gave it a rub or two, looked into a glass that flared from the reticule and then joined the populace along the avenue with a clean conscience and a beaming nose. How universal this habit has become! The noses almost a part of female life. The trolleys are filled with the movies, and also the ante-rooms of the churches. Our grandmother never dreamed of such a habit. Bless their old noses, they never needed powdering that the beautiful damsels deem as the sine qua non of the social situation, which they be wittingly distort as a regle. But the darlings can only tear their noses ad libitum if they only tear the bunches of wool that cover their pretty ears and nose, appearing as Dahomeyan beauties.

**Citations.**  
Wagoner Wilbur Jones, Supply Company, 16th Infantry, A. S. No. 92529, for extraordinary heroism in action near Charbons-sur-Marne, France, July 15, 1918. During the great German artillery bombardment of July 15, Wagoner Jones was driving a mule cart to the front lines when he was caught in the heavy bombardment. Both his mules were killed and he was blown from his seat by a shell explosion, the same shell killed a comrade on the cart ahead of him. Catching a stray mule and borrowing another, he returned with his comrade to the company, after which he delivered his rations. After his team became frightened and ran away, he remained in the fight through out the attack of the day. While delivering rations he was wounded, but he completed his task before he would allow his wound to be dressed. Home address, Ernest Jones, father, 725 East McMullan Street, Cincinnati, Ohio.  
Capt. Henry H. Grave, 16th Infantry, for extraordinary heroism in action near St. Rausant, France, September 12, 1918. During the St. Mihiel offensive Capt. Grave was leading an assault wave, which was checked by dense machine-gun fire. In order to locate the exact position of the enemy strongholds, he mounted the parapet, thus drawing a burst of machine-gun fire, which enabled his Stokes mortar to open fire. He then led a flanking group to the position, while his assault wave went forward and captured 34 prisoners and a machine gun, rifles, and a store of ammunition, the first prisoners to be taken during the drive. Home address, Mrs. Henry H. Grave, 721 Union Avenue, Columbus, Ohio.

FEEL MISERABLE  
FROM THAT COLD?Colds and coughs are quickly  
relieved by Dr. King's  
New Discovery

Nobody should feel "perfectly miserable" from a cold, cough or bronchitis attack for very long. For it takes only a little while to relieve it and get back on the road to recovery when Dr. King's New Discovery is faithfully used. It soon loosens the phlegm, relieves irritation, soothes the parched, sore throat, brings comfort.

Half a century old and more popular today than ever. 60c and \$1.20.

## Make Your Bowels Behave

Make them function with gratifying precision. If regulation of the diet does not relieve their torpidity Dr. King's New Life Pills will. They are perfect bowel trainers, cleanse the system surely, comfortably. 25c.

Use Coconut Oil  
For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain maligned coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoons will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get maligned coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

## BAD BREATH

Dr. Edwards' Olive Tablets Get  
at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaints, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

42ND DIVISION SAILS  
MAR. 28 SAYS PERSHING

(ASSOCIATED PRESS TELEGRAM)

Washington, March 19.—The 42nd (Rainbow) and 26th (New England National Guard) divisions will sail for France between March 28 and April 19, the war department was informed today by General Pershing. The Rainbow division lands at New York and the New England division at Boston.

General Pershing did not indicate whether the 42nd or the 26th would be started home first. The former is at Arraher, Germany, with the army of occupation, while the New England troops are at Montigny le Roi, France.

The 77th at Chateau Villan, France, for the reception of the Rainbow and New England divisions in this country have not been announced, but the 42nd, which is composed of guardsmen from 28 states, probably will go to one of the camps around New York and the 26th to Camp Devens, Mass.

The New England division will parade in Boston before being demobilized and the 42nd may appear in New York City. The Rainbow unit probably will arrive home while the Victory loan campaign is in progress, and Secretary Glass is anxious that it should participate. This was the first guard unit to go to France, and it took part in the three great battles in which the American army fought—the Argonne, the Meuse-Argonne, and the Vesle, St. Mihiel, and the Argonne forest.

First plans were to send the Rainbow division home from Antwerp, but these were abandoned because the danger from German mines in the waters off the Dutch and Belgian coasts.

Later it was said that the division probably would embark at St. Nazaire.

General Pershing has not informed the war department what division will replace the 42nd with the army of occupation.

SHELL SHOCK VICTIMS  
VIEW PARADE FOR CURE

New York, March 19.—The medical staffs of the army hospitals here will conduct a novel experiment in psychotherapy on March 25, when the parade of the 42nd division will be held in Fifth avenue.

Among the several thousand wounded and convalescent soldiers in the hospitals are many suffering from shell shock and nervous collapse. As the treatment is largely mental, the physicians hope that the sight of soldiers on the march will have the desired psychological effect and tend to bring back their memories. Soldiers suffering from shell shock and nervous breakdown will be assigned seats in the grandstand, with physicians and nurses in attendance. Those whose condition is more serious are to view the parade from buses or invalid chairs.

The physicians are confident that the result will prove largely beneficial.

## KILONIS ALREADY CLAIMS VICTORY

Though Match With Bowser is Still 24 Hours Off, He Claims Decision.

So confident is John Kilonis that he will beat Paul Bowser in their match at the Auditorium theatre Thursday night that he is said to be making his boasts of what he will do when he gets the decision. John is a good wrestler and one of the greatest rough-house wrestlers in the business but Newark fans believe he will meet his Waterloo on the mat tomorrow evening just as sure as fate.

It is going to be a great match and the fans know it and the seats are going fast, the indications being that there will be a complete sell out. Some well known sport writers in the country state that the man does not live who can secure a decision over the Newark grapple in the middle weight class. Bowser is besieged with challenges from all over the country and he has been meeting some of them. He journeyed to Homestead, Pa., last Thursday and easily put away Jim Varso in a finish bout. Then he went to Nelsonville Friday night and stored away the scalp of Lee Hendricks. He has picked off two or three at Zanesville and three enthusiastic sports of that city offer to water \$1,000 in cash that no one in the middleweight class can be produced who can pin his shoulders to the mat twice out of three times in a finish match.

Bill Gallagher is scheduled to meet Marty Matsuda the Jap, on Thursday night and it will be a lively bout. The time limit has been set for thirty minutes and Bill expects to secure the decision in less. Leslie Fishbaugh is matched with Billy O'Connor, English champion, who has wrestled some of the noted 135 pound boys all over the world. Fishbaugh will have to go some to secure a decision and if he does he will be matched with Johnny Billiter, world's champion lightweight. The curtain raiser will be Young Travels and a Columbus lad.

Seats are now on sale at the Auditorium box office and stage seats at the Bowser gym in Fourth street. Curtain at 8:15 prompt, on account of the length of the bill.

Three Milwaukee pairs will compete with St. Louis and Buffalo men on the second squad which is scheduled to start at 10:35 a. m.

Dayton, Canton and Louisville are other cities represented in today's events.

H. Cavani of Pittsburgh holds first place in the singles. Officials of the American Bowling Congress predict that the figure will not be over 1000 during the rest of the tournament which has nearly two weeks to run.

A Cincinnati pair, A. Daiker and E. Wettermann are leading in the two-men.

Thirty-two teams will go again tonight in the five-men competition. Entered in that class on the schedule are quintets from Urbana, Springfield, Elvira, Lexington, Kansas City, Buffalo, Jamestown, Madison, Toledo, Tiffin, Pittsburgh, Grand Rapids, Findlay, New Kensington, Detroit, Dayton and St. Louis.

High scores in the five-men is held by the Potter shoe team of Cincinnati with 2222.

## WINDOWSHADE CONTRACT FOR NEW POSTOFFICE GOES TO LOCAL FIRM

The dry goods firm of Meyer & Lindorf on the East side of the square secured the contract for furnishing the new postoffice with window shades. The shades in the contract called for soft cream color—while there were several concerns including even one of town firms—Meyer & Lindorf were the successful bidders, which speaks well for their home merchants.

They are just completing the putting up of the new shades which adds much to the attractiveness of our long needed postoffice building.

New York, March 19.—The stock market was hesitant at the opening of today's trading but soon developed a firmness under Lead and Shippings, which featured yesterday's stronger shares. Marine preferred rose almost 3 points in the first half hour and Atlantic Gulf 2 points. Gains extending from fractions to 3 points were scored by American Sugar, Industrial Alcohol, Distillers, Allis-Chalmers and Fertilizers. Motors and Allied Securities tended moderately lower, also Tobaccos, Leather and Metals.

Chicago Grain Review. Chicago, March 19.—Prospects of enlarged exports from Argentina had a bearish influence on corn, and so too, did improved weather conditions likely to better the domestic crop movement and to diminish feeding demand. Opening prices, which ranged from one cent decline to a 3/4 cent advance, with May 1.41 3/4 to 1.42 5/8, and July 1.24 to 1.24 3/4, were followed by a moderate decline all around and then by a transient rally.

Oats merely reflected the changes in corn. After opening unchanged to 1-8 @ 1-4c lower, with May 64 1/4 to 64 5/8, the market showed a disposition to sag.

Provisions lacked support. Higher quotations on hogs were apparently ignored.

Chicago Produce. Chicago, March 19.—Butter: higher, creamery, 55¢; Eggs: lower; receipts 14,641 cases. Firsts, 35¢ 1/2; 34¢ 1/2; ordinary firsts, 33¢ 1/2; 32¢ 1/2; at mark, cases included. 35¢.

Potatoes: higher, receipts 40 cars; Wisconsin and Michigan, bulk, 1.60; 1.80; do sacks, 1.65; 1.75; Minnesota bulk and sacks 1.50; 1.75.

Poultry: alive, higher. Springs, 32¢; fowls, 32¢; roosters, 27¢.

Chicago Live Stock. Chicago, March 19.—(U. S. Bureau of Markets)—Hogs, receipts 15,000, market opened 1/2 to 3/4c higher, mostly on speculative account; packers bidding about steady with yesterday. Bulk of hogs, 19.50; 19.75; heavy weight, 19.75; 19.90; medium weight 19.40; 19.85; light weight 18.50; 19.70; light 17.50; 18.75; sows 17.25; 19.00; pigs 16.75; 17.50.

Cattle receipts 8,000, good cows, heifers and calves steady, other classes slow to lower. Heavy beef steers 11.75; 12.20; light beef steers 10.00; 11.25; butchers' cows and heifers 7.25; 15.50. Canners and cutters 5.75; 10.00; veal calves 14.00; 17.50. Feeder steers 9.50; 12.25.

THREE KILLED AT MOUNT VERNON

Train Hits Auto at Grade Crossing Killing or Injuring All In Machine.

Mt. Vernon, March 18.—Three persons were killed and two seriously injured late yesterday afternoon when an automobile in which all were riding was struck by a Pennsylvania freight train near here.

The dead—Mrs. Rose McIntire, West Virginia; Edson McIntire, West Virginia; William McIntire, Mt. Vernon. The injured—Mrs. James E. McIntire, Mt. Vernon; Miss Dorothy Gorsuch, Gadsden.

Edson McIntire was killed instantly while his mother and William McIntire died shortly after the accident at a local hospital.

The machine in which they were riding was dragged more than 100 feet from the crossing where they were hit.

OHIO BRIEFS

Coshocton—Assurance that the Coshocton Glass company will continue to give employment to its force until the close of the present fire at summer, is afforded by a large order for bottles recently received.

Coshocton—W. W. McNeal, 76, died Monday evening. Death was due to heart trouble. He had been a life-long resident of Blissfield until four months ago.

Coshocton—J. J. Swedlge, 31, Philadelphia, Pa., died at the City hospital, Tuesday morning, following a few days' illness from influenza. He was taken from the Coshocton hotel, Saturday. Pneumonia was the direct cause of death.

Mt. Vernon—Mrs. Laura E. Chambers, 74, died Monday afternoon on the Newark road, after a five weeks' illness of blood clots on the brain.

Mt. Vernon—Miss Marie Summers was attacked by adrecole dity late Monday afternoon, and fell on the sidewalk. The dog was lying on the side walk and Miss Summers stooped for a moment to pat the animal's head. In an instant the dog reared and sank its teeth into her neck.

Zanesville—The Clifton Bros. dredging fleet, consisting of a gasoline tugboat, steam dredges and scows, has been sold to the Penn Building & Supply Co. of Pittsburgh, and will be moved to Pittsburgh as soon as the stage of the river will permit.

Zanesville—Zanesville is to be visited by a war savings airplane within the next 10 days. Lieutenant Tyler in his big plane will hover over the city for an hour, dropping literature and souvenirs as a means of arousing interest in the "Bring 'Em Back" pledge campaign.

Zanesville—Stricken with tuberculosis while visiting in Akron six months ago, Mrs. Mary McCarty, 23, died at the Peoples hospital in that city, Tuesday afternoon. Her home is here.

Zanesville—The death of Mrs. Elizabeth Patterson, 34, occurred Tuesday morning at the home of her daughter, four miles from this city. Mrs. Patterson fell and fractured her hip one month ago and has been failing in health since that time.

Cambridge—Chief of Police John A. Long is making a search for the persons engaged in manufacturing counterfeit felt silver dollars. Seventeen of the spurious coins were discovered by a school boy on the south bank of Willis creek.

AMUSEMENTS

(Continued From Page 3) York. He went straight to David Belasco, and contracts were signed for the play, with the understanding that it would be held off for a year until after "The Girl of the Golden West." That time was spent on rewriting the play under the direction of Mr. Belasco, and when it was finally put on, it ran from one November through the next.

Mr. Tully went abroad, bought a ranch in California and stocked it with the beautiful Arabian horses that have since become famous, and began writing again. The next time he came East he brought "The Bird of Paradise," with him. Like the story of Juanita, it was based on a big theme, that had been revolved in Mr. Tully's mind for years. The former told the financial superiority of the white man that enabled him to conquer California. The underlying theme of "The Bird of Paradise," the play of a woman's soul, was that mortality is governed by climate, or surrounding conditions, with women as the example. Like his earliest drama, it had a novel setting, this time the romance of Hawaii, but the two New York managers who saw it were not interested and Mr. Tully went back to Los Angeles, where it had a run of five weeks. Some time ago it went to New York for a long run, and since then, it has been very successful on the road.

NEW TYPE OF CRANK INVADERS OFFICES OF MAXWELL KARGER. Maxwell Karger, Metro director-general, was deep in manuscripts when an irate incident occurred. A farmer was ushered into his private office at the Metro studio in Hollywood.

"Looka here," shouted the visitor, "you gotta settle for damages to my car!"

Karger eyed him in amazement. "Damages—settle your car? What's the matter with you?" he asked. "Your limousine ran into my flapper last night, an' kep on goin' after yed tore off my mudguards, sprained my carburetor an' broke the two front wheels!"

"I don't remember any accident," Karger confessed. "Once on the way home I thought we ran over a rock." "That's when ye hit my machine!" "If that's the case, I'm sorry. Will you dollars settle it?"

The flapper owner beamed. "Great! He shouted, as he clutched at the bill tendered by the Metro director-general. "Now I can put this with her an' trade in for a new one!"

LEGAL NOTICE

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Stomach, Stomach, Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things. Either they eat on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bismarck Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of peptic pills or artificial digestants.

Get a few ounces of Bismarck Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the Bismarck form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat" (Adv.)

The man who has a note to meet shouldn't gamble on the old saying that tomorrow never comes. Extravagant assertions are not confined to discussions about the high cost of living.

HEADACHE?—DEPRESSION? FROM KIDNEY DISORDERS

Headaches and depression may be due to several causes. Perhaps yours may be due to kidney and bladder disorders is the cause? If so, you surely want relief and restoration. Indiscretions in eating and drinking bring on such troubles very gradually, sometimes at other times quickly.

Balmwart Tablets

will bring the desired benefit if such symptoms are present as these: If the secretion that passes is highly colored, strong of odor, insufficient or too copious, followed by pain, burning, irritation, smarting, etc. If chills or fever come and go, if the head aches, the back, old-fashioned rheumatism, general discomfort and nervousness besiege you, Balmwart Kidney Tablets ARE NEEDED BY YOU. Not secret, not new, just right and true. Sold by all druggists.

INDIAN MEDICINE MEN.

In the Indian Tribe one finds the "Medicine Man"—one versed in the healing art of roots, herbs, leaves and bark. In these he discovers emollients, astringents, laxatives and tonics, all of which are prepared and offered to sufferers among the tribe. To such good, old-fashioned roots and herbs Lydia E. Pinkham's Vegetable Compound, the most efficient remedy in the world for female ills, owes its success. For forty-five years it has been restoring the women of America to health, until it is now recognized as the standard remedy.

DRIVE URIC ACID FROM YOUR SYSTEM

AMBIITION SALTS Most people need an occasional remedy to make the eyes bright, the skin clear, the stomach strong, the blood pure and the liver and kidneys healthy. If you're out of sorts, lack the vim, vigor and "pep" you like to have, try AMBIITION SALTS—the new, pleasant, effervescing kind. They start you right in the morning. Cleanse your system of the dangerous uric acid poison which is responsible for so much indigestion, biliousness, headache, acid stomach, rheumatism and kidney and liver trouble. Forget the ailments and nuisances that make life a burden and be your old real self again. A large bottle of AMBIITION SALTS costs only fifty cents at T. J. Evans' and money will be refunded on the first bottle purchased if you are not satisfied. Try this. It's surely worth while to feel ambitious, to have the energy which makes you go to work eagerly, to accomplish your satisfaction what you have to do, to feel again the glow of perfect health, strength and vigor. (Adv.)
